Do you want to learn how to troubleshoot your own gear from home?

We have a new instructional series of videos called the Diver Technitian Series, where our own equipment speicalist and A.S.S.E.T technitian, Peter Mainka, will run through the basics on equipment handling.

See Episode 1 here on how to change the o-ring in the high pressure swivel spool of the SPG.

Like and share our videos, and be sure to keep your eyes peeled for epiosde 2!
