

Dive Mussandam on an overnight Dhow trip!

NOTE: Due to COVID19, we have temporarily suspended our Mussandam trips until the borders between UAE-Oman are open again.

Join Al Mahara Dive Team on regular dive and snorkeling excursions by speedboat or Dhow or private charter to experience the amazing above and below water environment of the Mussandam. Let us take you for an unforgettable experience to some beautiful dive sites and encounter a plethora of marine life including many varieties of colourful tropical reef fish, schooling snappers, fusiliers, trevallies, barracudas and a variety of stingrays, turtles, moray eels and some chance encounters of whale sharks, devil rays, eagle rays & guitar sharks.

If you are an avid underwater photographer or videographer then this is an essential dive location to capture the beautiful and colourful aquatic realm!

Our Mighty Mussandam trips that run once a month are amongst the most popular for both new and experienced divers! We are delighted to offer fully kitted out cabins, with air-conditioning, hot running water and delicious food on board!

The friendly staff also do *all of the tank changes* required inbetween dives to ensure you can relax between the 5 or 6 included dives!

Check out our Mussandam Overnight Dhow Trip Schedule [here](#) .

Please [email us](#) to book our popular trips or to get more information.

Happy and safe diving!

Al Mahara Diving Team
