

Mangrove Kayaking Tours

We currently offer our Eastern Mangrove Lagoon National Reserve mangrove tour - they are approx 2 hours each.

We have sea kayaking at Beach Rotana and Saadiyat Rotana Hotel locations. Please call us at +971-50-111 8125 to book your tours.

We launch from the Eastern Lagoon on Al Salam Street (8th Street) Eastern Ring Road.

This is the more rustic “enjoying the great outdoors” option and offers a visit to the more serene Eastern Lagoon Mangroves near the E48 Substation on Al Salam St (directions [here](#)). The Mangroves here are many and cover a vast area with lots of side channels to venture into & explore (tide levels permitting). However there are no changing/shower facilities on site so bring a towel to dry your feet before getting into your car!

Note: We have stopped the mangrove BBQ tours at Eastern Mangroves.

We also have the **"Ultimate Mangrove Kayak"** where we personalise the tour for you and your group.

□ There will be a short briefing on the Mangroves and a full orientation & instruction on Kayaking for everyone!□

Our aim is to provide all our valued kayakers a fun and safe experience in an eco-friendly way through kayaking to discover the hidden treasures of the Mangroves and where possible highlight the Mangrove fauna.

We are happy to arrange kayaking and/or other watersports for large groups, corporate events/days out, special events & occasions.

We also specialise in ladies only kayaking & events and can provide lady guides if you require.

We also provide private guided kayaking tours (we provide the kayak and paddles, lifejackets and tour guide. Great for a family/friends or company get together in a scenic casual venue.

If you wish to book one of these tours please [contact us](#) and let us know your choice of tour, preferred date & time and the number of people in your group (inc. children between 6-12yrs).

Should you require anything further or you have any questions please do not hesitate to get in touch and we will be glad to help.

Have another read over our [Kayaking Info](#) page. Also check out our [Kayaking locations](#) page with maps & directions.
