PADI Seal Team Program

The PADI Seal Team is for young divers who are looking for action-packed fun in a pool by doing exciting scuba Aqua Missions. Have you ever wondered what it's like to dive with flashlights, take digital pictures underwater or float effortlessly like an astronaut? These are Aqua Missions that introduce you to wreck, navigation, buoyancy, underwater photography, environmental awareness and more. Here's your chance to do some cool stuff in the pool, meet friends and share in the adventure of the underwater world.

The best part of the Specialty Aqua Missions is they reinforce save diving skills while the kids are having fun. PADI Seals get to sample a wide variety of dives.

In addition, it provides parents with a structured program that lets their children develop skills learn about the aquatic environment and have a lot of good, clean fun. This is also an excellent way to introduce kids to scuba diving prior to full [Open Water Diver certification](#) .

Cost: Dhs1980 per child includes 5 aqua mission sessions in confined water, which could take anywhere from 4 to 6 hours, depending on the student, Seal Team crew pack, Seal Team Wall certificate, professional instruction from certified PADI Instructors.
