

Al Mahara crew and divers enjoyed the last few years cruising the Mussandam on the traditional Omani dhows and exploring the amazing dive sites which promises to thrill all sea lovers and divers alike. Join us again in 2012 as we have booked monthly trips to the Mussandam for the weekend get aways! Bring your friends and family even if they are non divers to experience the breathe-taking scenery of the Mussandam area both above and below the water.

Let us take you for an unforgettable experience to some beautiful dive sites and encounter a plethora of marine life including many varieties of colourful tropical reef fish, schooling snappers, trevallies, barracudas and a variety of stingrays, turtles, moray eels and some chance encounters of whale sharks, devil rays, eagle rays & guitar sharks. If you are an avid underwater photographer or videographer then this is an essential dive location to capture the beautiful and colourful aquatic realm!

Our mighty Musandam trips run once a month are amongst the most popular for both new and experienced divers! We are delighted to offer fully kitted out cabins, with air-conditioning, hot running water and delicious food on board! The friendly staff also do all of the tank changes required between dives to ensure you can relax in between the 6 included dives!
